

Ultra Seal® XLD

(Mixing Enhancer)

Ultra Seal® XLD is a silicone based solution which is compatible with Poly Plug® and Poly Plug® Clear Gel. Ultra Seal® XLD is used to deplete air entrapment from the mixing process.

Physical Properties:

Physical Form: Liquid
Color: White
Odor: Slight
Solubility in Water: Soluble

Applications:

- Lowers viscosity of Poly Plug® slurries
- De-Air
- De-Foam

Concentrations:

- 50 bbl Slurry: 1 Five Gallon Pail
- 100 bbl Slurry: 2 Five Gallon Pails
- 150 bbl Slurry: 3 Five Gallon Pails
- 200 bbl Slurry: 4 Five Gallon Pails
- 250 bbl Slurry: 5 Five Gallon Pails
- 300 bbl Slurry: 6 Five Gallon Pails
